Section TWO

Vol. 51, No. 5

## INDEX TO VOLUME 50

JULY THROUGH DECEMBER 1965

As you know, items in **QUOTE**, arranged alphabetically according to subject matter, are regularly assigned an index number. In our semi-annual index, the first numeral in each reference indicates the issue of **QUOTE**, the second numeral refers to the location of the item within that particular issue, according to its index number. Thus, in the first column of this index, "Ability—2-1," tells you that an item on Ability will be found in the second issue of **QUOTE** under number 1.

One or more letters following an issue number, refers to material in regular departments. For example: "Labor—4-GB;" indicates that an item on that subject is in **Gem Box** in issue number 4. The reference to "Truth—17-FQ;" means that an item on that subject appears in **A Famous Quote . . .** in issue 17. The reference to "Heredity—2-t;" means that an item on that subject will be found in the regular **Good Stories** section of issue 2 under index letter t.

Quotations in the section **May We QUOTE You On That?** are also numbered consecutively. In the index, a reference such as "Affluence—1-5Q;" refers to a quotation on that subject in the first issue in the **May We QUOTE . . .** section. When the letter t follows the Q as in the reference "Women—10-3Q-t;" it indicates the special **Quote-ette** feature in issue 10. A complete list of department abbreviations appears below:
